CALL FOR Community Advisory Board members for *YOUTH OUT LOUD! II* a documentary addressing LGBT youth issues in our schools.

“15-year-old Lawrence King was shot and killed at school this Feb. 2008, in Oxnard, CA. Friends say the reason was his sexual orientation and gender expression.” <http://www.glsen.org/cgi-bin/iowa/all/news/record/2261.html>

If you are a **youth, a parent, teacher, a youth-care provider, involved in the school system or policies**, we invite you to take part in a progressive documentary project that advocates for the safety of all students.

What: 1st Community Advisory Board Meeting for *Youth Out Loud II*
When: March 5, 2008, 6:30 p.m. to 8:00 p.m.
Where: Storefront's address is 3427 4th Avenue (at the corner of Walnut, between Walnut and Upas), 92103. The phone # for Storefront is 619.325.3527.

Sun & Moon Vision Productions' documentary, *Youth Out Loud! Addressing LGBT Youth Issues in our schools*, released in 2000, chronicles the real life stories of youth in high school and highlights the bubbling surge of youth activism that initiates change from local school districts to state and federal laws. Unfortunately, since 2000, there has been little improvement in the school climate in regards to harassment and bullying in our schools.

Thanks to the generous funding from **Foundation for Change and San Diego Human Dignity Foundation**, SMVP is producing an up-to-date educational video with an accompanying resource guide, to advocate for the safety of all students. Our other community partners thus far, include: *San Diego Youth & Community Services, The Center and GLSEN!*

Take action today and join our community advisory board for *YOUTH OUT LOUD! II*
Please contact Becky Sangha at (760) 735-8300 or production@sunandmoonvision.org to find out about the next meeting!
